

Monday 11th May 2020

Hello to all my wonderful children in Class 1!

I thought I would write again just to explain a few changes to our learning. All the teachers and Mrs Ashton had a video meeting, which was very strange, and we talked about how we could make it easier for everyone to join in with the activities. So because so much brilliant learning was sent in for VE Week we are going to stick to doing whole school topics starting with this week ☺.

Our topic is **'Helping Others'** and it will last for two weeks. This week we will focus on the people in our community who help us. We think this is a perfect time to do this topic because this week is International Nurses Day on 12th May.

This was chosen to be on this day because of a very, very famous lady. Her name is Florence Nightingale and this week you will learn a little bit more about her and perhaps you can then tell me why International Nurses Day is held on 12th May each year ☺.

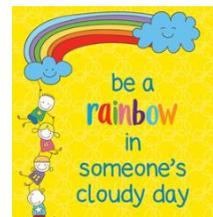

Be Kind

The second week of 'Helping Others' moves on to what **you** can do to help others. Your Kindness Calendars (which were in the books you could collect from school last week) will really help you to make a great start on this - but more activities to help will come next week (18th May).

I feel really confident that you will do really well with this kindness theme because you all can follow our school values: **Respect - Friendship - Excellence - Care**. Remember, it is important to show these values at home for your family as well as at school for me.

I am missing you all so very much, and from the photographs I receive I know not to feel sad because you all look so happy and getting so big! Looking at your photographs and emails really are the favourite part of my day. So please do keep sending me them. Each week I update our Home Learning Gallery so look on there to see what your friends have been up to.

Keep making me proud and keep staying safe ☺

Love from,

Mrs Hanley xx

Respect, Friendship, Excellence, Care
