

Class 1 Maths Planning Week beginning 0 8.06.2020

Day	Focus: Subtraction- Taking away
Monday	<p>Introduce this concept through these well-known songs songs: http://www.ictgames.com/mobilePage/speckledFrogs/ 10 green bottles – make the props to perform the song https://www.youtube.com/watch?v=T0ooQv7oHvw 10 in the bed – again re-enact with toys – PicCollage to show this https://www.youtube.com/watch?v=6CZLkgZMPLY We sing Ten in the bed lots in school – can they remember and tell you how this version is different to what we sing?</p>
Tuesday	<p>Watch https://www.youtube.com/watch?v=GdXClek-05I Can they now complete a Subtraction Scavenger hunt in the house our outdoors? Find given amounts of objects and then you tell them an amount to take away – like in the video to show that they understand ‘subtraction’ means taking away. For example “Find 3 cushions. Take 1 away” “Find 5 pebbles. Take 2 away” If they do really well reward by ending this using something tasty to eat like sweets or pieces of chocolate 😊</p>
Wednesday	<p>Ask the children to remind you what the word ‘subtraction’ means Watch https://www.youtube.com/watch?v=Wk15VUCz2Zc Today’s game really helps them to visualise this concept. So simply get them to play it using different objects – they will like the orange juice if the volume is turned up! https://www.topmarks.co.uk/Flash.aspx?f=TakeAway If down at the beach make the sandcastles to get washed away, collect the pebbles to throw back into the sea – all goes towards developing this skill in fun ways!</p>
Thursday	<p>http://www.rabbittakeaway.co.uk/activity/ The easy version for numbers 1-10 or the harder version has numbers 1-20. https://www.topmarks.co.uk/subtraction/subtraction-to-10 Also play the Greedy Monster game using the Activity sheet and a dice.</p>
Friday	<p>Now to put this learning into writing with these of activity sheets: Windy Day Take Away Colour the fish subtraction As ever, please send photos of any of the learning this week 😊</p>
