Dear Parents and Carers,

SAFER COMMUNITIES PROJECT-Year 5

Starting from the week beginning 12th April 2021, ATOMS Education CIC will be working in conjunction with your child's school to offer a family after club that learns about our rights and looks at how we can make our community safer through arts and crafts, music and games. The sessions will be child led and will look at the issues the children want to address in their community to ensure they feel safe. The club will run during term time and will run until September. Each session will be after school and will be held online on Zoom.

All resources for the sessions will be provided to the schools who will then distribute them to the children that participate. The packs will include stationery and the resources needed for each aspect of the project. Children get to keep all resources and stationery. We also have data top-ups available for families who may need these in order to participate.

Along with the resources, each child will receive a snack within each weekly pack.

Through participating in the sessions, your child will be able to act as an ambassador for community safety and will go on to support next year's Year 5 children in completing a similar project. They will also learn about different roles within a community and learn about the democratic process from guest speakers from the Parish Council. The children will choose how to address the issue they have identified and will be supported in creating a song, artwork or another form of media in order to raise awareness throughout the community.

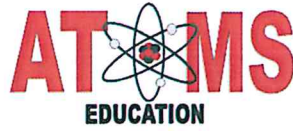

To enable your child to participate, please fill in the form and return it to school by Wednesday 24th March.

Kind regards.

Stacey Deinali

Company Secretary and Teacher

Name of child: _____

Age: _____

Is your child left or right-handed (for scissors)? _____

Which school does your child attend? _____

Parent's email address (for sending log in details for the webinars) _____

Does your child have any allergies (for snacks)?

PLEASE BE AS SPECIFIC AS POSSIBLE

I give consent for my child to participate in the Safer Communities Project and understand that I need to be able to access Zoom* to participate. The information I have given on this form is correct and I understand that I will need to contact either the school or ATOMS Education CIC if this information should change. I also understand that there will be family participation in some of the sessions.
